Novel Coronavirus Outbreak". Ref P is USEUCOM Task Order (TASKORD) directing component response to potential outbreaks of 2019 Novel Coronavirus within the USEUCOM area of responsibility (AOR). Ref Q is the USEUCOM Fragmented Order (FRAGORD) 001 TO USEUCOM TASKORD directing component response to potential outbreaks of 2019 Novel Coronavirus within the USEUCOM AOR. Ref R is the USEUCOM FRAGORD 002 TO USEUCOM TASKORD directing component response to potential outbreaks of 2019 Novel Coronavirus within the USEUCOM AOR. Ref S is the Office of the Under Secretary of Defense for Personnel and Readiness Memorandum "Force Health Protection Guidance (Supplement 2) - Department of Defense Guidance for Military Installation Commanders" Risk-Based Measured Responses to the Novel Coronavirus Outbreak. Ref T is the USEUCOM FRAGORD 003 to USEUCOM TASKORD directing component response to potential outbreaks of 2019 Novel Coronavirus within the USEUCOM AOR. Ref U is the CJCS General Administrative Message (GENADMIN) DoD COVID-19 (2019 Novel Coronavirus) passenger screening guidelines for overseas military transportation terminals. Ref V is the CDC provided Primary and Secondary Exit Screening Overview. Ref W is the USEUCOM FRAGORD 004 to USEUCOM TASKORD directing component response to potential outbreaks of 2019 Novel Coronavirus within the USEUCOM AOR. Ref X is the Secretary of Defense (SecDef) Memorandum for Travel Restrictions for DoD Components in Response to Coronavirus Disease 2019 dated 11 March 2020. Ref Y is the Office of the Under Secretary of Defense for Personnel and Readiness Memorandum, "Force Health Protection Guidance (Supplement 4) - Department of Defense Guidance for Personnel Traveling During the Novel Coronavirus Outbreak" dated 11 March 2020. Ref Z is the USEUCOM GENADMIN message for COVID-19 FHP Definitions. Ref AA is the Commander USEUCOM Delegation of Travel Approval memorandum dated 13 March 2020. Ref AB is the USEUCOM Chief of Staff (ECCS) Command Guidance for Headquarters (HQ) USEUCOM Staff Regarding FHP and Coronavirus Disease 2019 (COVID-19). Ref AC is the FRAGORD 005 to USEUCOM TASKORD directing component response to potential outbreaks of 2019 Novel Coronavirus within the USEUCOM AOR. Ref AD is the Joint Staff Director for Logistics Memorandum for COVID-19 Personal Protective Equipment (PPE) and Infection Control Supplies Joint Materiel Priorities and Allocation Board (JMPAB) signed 16 March 2020. Ref AE is the MOD 01 to USEUCOM COVID-19 TASKORD. Ref AF is the CJCS REVISION 01 to DOD RESPONSE TO CORONAVIRUS-2019 EXORD. Ref AG is the Secretary of Defense Orders Book (SDOB) for 24 Mar 2020 directing a stop movement for 60 days from the date of signing. Ref AH is the CJCS MOD 01 to REV 01 to DOD response to CORONAVIRUS-2019 EXORD. Ref AI is the USEUCOM Chief of Staff (ECCS) Coronavirus Disease (COVID-19 Return to Work (RTW) Guidance for HQ USEUCOM Staff Personnel. Ref AJ is the U.S. European Command Instruction 4207_01, Health Service Logistics Support. Ref AK is the CJCS GENADMIN message directing all DoD Components to implement Health Protection Condition Level Charlie in response to COVID-19. Ref AL is the Commander, USEUCOM Memorandum, Subject: Delegation of Travel Exception Approval Authority - Coronavirus-2019 EXORD Memo dated 27 March 2020. Ref AM is the FRAGORD 01 to MOD 01 to USEUCOM COVID-19 TASKORD. Ref AN is the updated DoD COVID-19 Public Affairs Guidance (PAG). Ref AO is FRAGO 02 to MOD 01 of USEUCOM COVID-19 TASKORD. Ref AP is the memorandum from the Secretary of Defense delegating authority for Passenger, Cargo, and Patient movement during COVID-19 public health emergency. Ref AQ is the memorandum from the Secretary of Defense providing DoD Guidance on the use of Cloth Face Coverings. Ref AR is a memo delegating authority to approve exceptions to Space A travel to the first General Officer in the chain of command. Ref AS is FRAGO 03 to MOD 01 of USEUCOM COVID-19 TASKORD. Ref AT is the memorandum from the Secretary of Defense authorizing USEUCOM to provide humanitarian assistance to the Government of Italy. Ref AU is the

NATO Rapid Air Mobility Crisis Response Measures guiding document. Ref AV is the Secretary of Defense memorandum extending the international travel restrictions to 30 June 2020. Ref AW is the Office of the Under Secretary of Defense for Personnel and Readiness Memorandum, "Force Health Protection Guidance (Supplement 5) - Department of Defense Guidance for Movement and Medical Treatment of COVID-19 Patients, Symptomatic Persons Under Investigation, or Potentially Exposed COVID-19 Persons" dated 7 April 2020. Ref AX is the Office of the Under Secretary of Defense for Personnel and Readiness Memorandum, "Force Health Protection Guidance (Supplement 6) - Department of Defense Guidance for Coronavirus Disease 2019 Laboratory Diagnostic Testing Services" dated 7 April 2020. Ref AY is the Office of the Under Secretary of Defense for Personnel and Readiness Memorandum, "Force Health Protection Guidance (Supplement 7) - Department of Defense Guidance for the Use of Cloth Face Coverings, Personal Protective equipment, and Non-Pharmaceutical Interventions During the Coronavirus Disease 2019 Pandemic" dated 8 April 2020. Ref AZ is the Office of the Under Secretary of Defense for Personnel and Readiness Memorandum, "Force Health Protection Guidance (Supplement 8) - Department of Defense Guidance for Protecting Personnel in Workplaces during the Response to the Coronavirus Disease 2019" dated 13 April 2020. Ref BA is the Defense Security Cooperation Agency information paper on CCMD Humanitarian Assistance (HA) COVID Guidance dated 19 March 2020. Ref BB is FRAGO 04 to MOD 01 of USEUCOM COVID-19 TASKORD. Ref BC is the Office of the Secretary of Defense Chief Management Officer Memorandum "Required Reporting for suspected COVID-19 cases and Positive COVID-19 cases for Defense Agencies and Field Activities" dated 16 April 2020. Ref BD is a CJCS GENADMIN detailing revised COVID-19 Reporting requirements. Ref BE is FRAGO 05 to MOD 01 of USEUCOM COVID-19 TASKORD. Ref BF is the DoD COVID-19 Task Force (CVTF) Memorandum on Testing and Reporting of DoD COVID-19 Screening and attachments. Ref BG is the Secretary of Defense Memorandum on Guidance for Commanders on Risk-Based Changing of Health Protection Condition Levels During the Coronavirus Disease 2019 Pandemic dated 19 May 2020. Ref BH is the USCENTCOM Memorandum on Deploying COVID-19 Free Personnel into Theater dated 4 May 2020. Ref BI is the USEUCOM TASKORD Directing Medical Logistics Support for COVID-19 Response (also known as the Ring Route). Ref BJ is FRAGO 06 to MOD 01 of USEUCOM COVID-19 TASKORD. Ref BK is Secretary of Defense Memorandum on Transition to Conditions-based Phased Approach to Coronavirus Disease 2019 Personnel Movement and Travel Restrictions. Ref BL is the DoD COVID-19 Task Force (CVTF) Memorandum on Streamlining COVID-19 Tiered Testing Requirements Reporting. Ref BM is FRAGO 07 to MOD 01 of USEUCOM COVID-19 TASKORD. Ref BN is the Office of the Secretary of Defense Chief Management Officer Memorandum "Exemption of Authorized Leave for Department of Defense Service Members from Coronavirus Disease 2019 Personnel Movement and Travel Restrictions" dated 29 June 2020. Ref BO is the USTRANSCOM GENADMIN Message communicating guidance to the force regarding USTRANSCOM screening procedures for transit of personnel who have interacted with COVID-19 patients and are redeploying to home station or relocating to a new operational area in support of a COVID-19 response. Ref BP is the USEUCOM Chief of Staff Memorandum for Force Health Protection Guidance for HQ USEUCOM Staff regarding Coronavirus Disease 2019 (COVID-19) Force Health Protection and Actions to Restore Full In-Headquarters Staff Operational Capability - Phase D Implementation dated 09 July 2020. Ref BQ is the Secretary of Defense (SecDef) Memorandum "Assuring Allies and Partners Regarding U.S. Force Deployments in a Coronavirus Disease 2019 Environment" dated 06 June 2020. Ref BR is the CJCS GENADMIN "Guidance for COVID-19 Surveillance and Screening with SARS-CoV-2 Testing" dated 061521Z July 2020. Ref BS is the Office of

the Under Secretary of Defense for Personnel and Readiness Memorandum, "Force Health Protection Guidance (Supplement 9) - Department of Defense Guidance for Deployment and Redeployment of Individuals and Units during the Novel Coronavirus Disease 2019 Pandemic" dated 26 May 2020. Ref BT is the Office of the Under Secretary of Defense for Personnel and Readiness Memorandum, "Force Health Protection Guidance (Supplement 10) - Department of Defense Guidance for Coronavirus Disease 2019 Clinical Laboratory Diagnostic Testing Services" dated 11 June 2020. Ref BU is the Office of the Under Secretary of Defense for Personnel and Readiness Memorandum, "Force Health Protection Guidance (Supplement 11) - Department of Defense Guidance for Coronavirus Disease 2019 Surveillance and Screening with Testing" dated 11 June 2020. Ref BV is FRAGO 13 to USTRANSCOM Execution Order (EXORD) 20-022 For Force Health Protection Instructions for COVID-19. Ref BW is FRAGO 08 to MOD 01 of USEUCOM COVID-19 TASKORD. Ref BX is the USTRANSCOM GENADMIN message to the Joint Force regarding reporting of COVID-19 positive passengers transported via USTRANSCOM airlift. Ref BY is the USEUCOM Exception to Policy Required for Official Travel map updated weekly. Ref BZ is the OUSD Force Health Protection Supplement 12. Ref CA is the OSD is the Delegation of Waiver Approval Authority for Coronavirus Disease 2019 Personnel Movement and Travel Restriction. Ref CB is the USEUCOM Official Travel Waiver Approval Delegation - Coronavirus Disease 2019. Ref CC is USCENTCOM EXORD Coronavirus (COVID-19) Environment Operations MOD 002. Ref CD is ECJ9 info paper "OHDACA COVID-19 Wave 2 CARES Act Reallocation Distribution Plan". Ref CE is the DoD Inspector General's report "Evaluation of the U.S. European Command's Response to the Coronavirus Disease-2019".//

ORDTYPE/TASKORD/CDRUSEUCOM// TIMEZONE/Z//

NARR/(U) MOD 02 to the USEUCOM COVID-19 TASKORD directs USEUCOM Headquarters and component response to potential outbreaks of COVID-19 within the USEUCOM AOR. MOD 02 rescinds and supersedes up to, and including FRAGORD 08 to MOD 01 to USEUCOM COVID-19 TASKORD. MOD 02 provides updated COVID-19 guidance as USEUCOM transitions to Phase I (Protect) of Base Plan 4451-19 Pandemic Influenza & Infectious Disease (PI-ID).//

GENTEXT/SITUATION/
1. (U) SITUATION.
1.A. (U) Global Health Pandemic. Ongoing community transmission of respiratory illness caused by the 2019 Novel Coronavirus (COVID-19) is occurring globally. On 11 March 2020, the World Health Organization characterized COVID-19 as a pandemic. The U.S. Center for Disease Control and Prevention (CDC) has issued a global Level 3 Travel Health Notice (Warning, avoid non-essential travel) for the entire globe.
1.A.1. (U) Conditions across the European area of responsibility have triggered the decision for USEUCOM to re-enter Phase I (Protect) of Base Plan 4451-19 Pandemic Influenza & Infectious Disease (PI-ID), in order to protect the force, maintain headquarters' functions, and preserve USEUCOM's mission against the effects of COVID-19. As of 16 October 2020, USEUCOM has re-entered Phase I.
1.A.2. (U) Personal hygiene, physical distancing and face coverings continue to be an integral protection measure to mitigate the spread of COVID-19. The current Force Health Protection Guidance outlines best practices for hygiene, face coverings and physical distancing.
1.B. (U) COVID-19 Host Nation Travel Restrictions. As COVID-19 continues to spread globally, countries within the USEUCOM AOR have implemented travel restrictions and/or screening procedures in order to slow the spread of COVID-19. Travelers should expect to undergo

screening during travel and will be subject to up to 14 days of quarantine if they have traveled to countries in accordance with Host Nation laws and regulations. Because the travel restrictions within the USEUCOM AOR change frequently, travelers are advised to consult the Foreign Clearance Guide (FCG) prior to commencing travel. The FCG is available on NIPRNET at the following link: http://www.fcg.pentagon.mil. USEUCOM has listed all COVID-19 Theater Travel Restrictions; to access from the USEUCOM portal SIPR home page, select "COVID-19 Response", then select "COVID-19 Info", then select "Travel Restrictions". Information is also available on the USEUCOM NIPR page at https://command.eucom.mil/covid19/Pages/covid19.aspx.
1.C. (U) In accordance with (IAW) Ref BK, CDRUSEUCOM will determine when conditions have been met for host nations (HN), installations, facilities and locations to allow unrestricted official and unofficial travel and movement. Service component headquarters will report conditions at installations, facilities, or localities under their purview and in accordance with host nation laws and restrictions. Using the reporting instructions outlined herein, USEUCOM will be able to determine and communicate when and where travel restrictions can be lifted or altered as rapidly as is prudent. There is no change to a local commander's authority to define local area liberty and pass travel limitations subject to Service requirements and host nation travel or border restrictions.
1.C.1. (U) Exemptions from DoD COVID-19 Travel Restrictions. IAW Ref X, Ref CA and Ref CB, Commander USEUCOM has delegated official travel approval authorities and responsibilities to Component Commanders, USEUCOM Deputy Commander, USEUCOM Chief of Staff, USEUCOM General Officer (GO)/Flag Officer (FO)/ Senior Executive Service (SES) Joint Directors, and designated 0-6 or civilian equivalent in the traveler's chain of command or supervision, for travel determined to be mission essential, necessary for humanitarian reasons, or warranted due to extreme hardship. These exceptions are to be done on a case by case basis, shall be limited in number, and shall be coordinated between the gaining and losing organizations. Individuals pending retirement or separation within the next 60 days are exempt. Individuals traveling under an exception or exemption, including those traveling as part of a DoS-issued Authorized Departure, are subject to travel screening protocols IAW Ref Y.
1.C.1.A. (U) IAW Ref Y and Ref CB, GO/FO/SES/O-6 delegated authority to approve travel will ensure pre- and post- travel screening procedures are established, clear means of communications between travelers and supervisors are established, and travelers are clearly informed of their responsibility to notify gaining organizations in advance of travel and to keep their own organization updated on their travel itinerary.
1.C.1.B. (U) GO/FO/SES/O-6 who are authorized to approve travel exceptions per Ref CB will do so in writing on a case-by-case basis.
1.C.1.C. (U) When considering an exception request for travel to the Continental United States (CONUS) or between countries listed IAW Ref BY, the approving GO/FO/SES/O-6 will consider travel location requirements concerning 14 day restriction of movement (ROM) upon traveler entry/re-entry when deciding whether to grant the requested travel exception.
1.C.1.D. (U) USEUCOM personnel will comply with Host Nation, Service Component, installation, and/or unit requirements or guidance regarding travel policies and restrictions, Force Health Protection guidance, to include ROM and testing.//

GENTEXT/MISSION/
2. (U) MISSION. USEUCOM executes a coordinated, decentralized effort to remain responsive to COVID-19 in order to reduce and prevent viral

transmission across the USEUCOM area of responsibility (AOR) to protect service members, families, DoD affiliated civilians, mission essential functions, and freedom of maneuver across operations, activities, and investments.//

GENTEXT/EXECUTION/
3. (U) EXECUTION.
3.A. (U) Concept of Operations.
3.A.1. (U) Purpose: Operationalize USEUCOM Base Plan 4451-19 Pandemic Influenza & Infectious Disease (PI-ID), in order to protect the force, maintain headquarters' functions, and preserve USEUCOM's mission against the effects of COVID-19.
3.A.2. (U) Method: USEUCOM will take all necessary precautions to mitigate the impacts of COVID-19 on our force, families, communities, USEUCOM HQ functionality and the execution of theater campaign plan operations, activities and investments (OAI). Decisive to this operation is the empowerment of USEUCOM component commands and their direct support garrison/installation agencies to take all action necessary to halt, delay, and reduce the spread of COVID-19 within the Command. USEUCOM will provide uniform guidance facilitating decentralized decision making by the service components, installations, and garrisons. USEUCOM will prepare and maintain current operations systems to ensure the Command is prepared to transition to Phase II - Mitigate or beyond.
3.A.3. (U//FOUO) End State: The USEUCOM HQ and Service Components maintain mission essential functions and associated critical OAIs. USEUCOM HQ personnel, families, and communities are prepared to endure COVID-19. Where possible, USEUCOM extends capacity to allies and partners to do the same. USEUCOM is postured to assist or outcompete adversaries as COVID-19 creates opportunities. USEUCOM Theater Setting platforms, Sea Ports of Debarkation (SPOD), and Aerial Ports of Debarkation (APOD) remain capable of supporting all critical OAIs, and war plans.
3.A.4. (U) Operational Risk: USEUCOM will not assume significant risk in its main lines of effort (LOEs) or operational requirements. We must carefully consider force protection measures to ensure all service members, family members, and civilian employees receive necessary support. US, allied, and partner national policy guidance may limit USEUCOM's ability to execute planned OAIs. We are moving forward to mitigate these risks by increasing the resilience of our organizations through increased coordination, messaging, and compliance with host nation policies. We must ensure campaign activities leverage current capacities and capabilities while continuing to aggressively pursue solutions to shortfalls.
3.B. (U) Tasks Common to all USEUCOM Components.
3.B.1. (U) Military Transportation Screening. IAW Ref U, Ref V, Ref X and Ref Y all USEUCOM Component Commands will ensure that all military transportation terminals within the USEUCOM AOR conduct primary screening for country clearance of passengers that originate from or have traveled through a country listed as an International Risk Area per the Robert Koch Institute (RKI).
3.B.1.A. (U) USEUCOM Component Commands responsible for providing base support to tenant units where military transportation terminals are located will provide the medical personnel and PPE necessary to conduct the Secondary Screening.
3.B.1.B. (U) Secondary screeners will be medical professionals and will have medical PPE provided by the supporting Military Treatment Facility (MTF)/Clinic/Hospital. The supporting MTF/Clinic/Hospital will provide masks and other appropriate PPE for travelers or patients requiring the secondary screening.
3.B.1.C. (U) The timing and location of the secondary screening will be coordinated with the base, transportation terminal, and supporting

medical personnel.

3.B.2. (U) Additional COVID-19 Resources Required. As required, all USEUCOM Component Commands will submit a single request for forces (RFF) for additional capabilities required for COVID-19 response (medical, Command and Control (C2), transportation, etc.) by component for USEUCOM J3 review.

3.B.3. (U) Maintain a mission essential personnel list as prescribed in DoDI 3020.42.

3.B.4. (U) Medical reporting of COVID-19 confirmed cases. Per DoD guidance in Ref A, responsible medical authorities will report all confirmed COVID-19 cases to the Military Health System (MHS) via the Disease Reporting System Internet and installation/Host Nation public health authorities. Responsible medical authorities will consult with the USEUCOM Service Component Command for their service respecting the application of international agreements to medical reporting. Such consultation is required before a responsible medical authority rejects, in whole or in part, a host nation public health authority's request for information.

3.B.4.A. (U) Per Ref BD, CCMDs are required to report only personnel attached to their Headquarters elements. Services will continue to report service-retained and CCMD component members and associated personnel (contractors, dependents, etc.).

3.B.5. (U) Per Ref AK, implement Health Protection Conditions (HPCON) measures as required.

3.B.6. (U) Components will report reduction of task critical asset operational readiness as a result of COVID-19 induced manpower reduction.

3.B.7. (U) For DCOM or ECJ9 approved COVID-19 related support requests that require Acquisition Cross Service Agreement (ACSA) orders, Components must inform the appropriate Office of Defense Cooperation (ODC) and the USEUCOM J48 ACSA office of any ACSA order requests for logistics support, supplies, and services related to COVID-19 support (ECJ45 ACSA POC Email matthew.d.kukura.civ@mail.mil).

3.B.8. (U) In coordination with (ICW) ECJ9, be prepared to (BPT) provide humanitarian assistance in support of (ISO) Decision Point (DP) 5, Extend Assistance to Allies and Partners, which may include humanitarian medical supplies; transportation; field hospital support; contracting support; civil affairs support; telemedicine support.

3.B.9. (U) Collect and submit Lessons Learned Observations to the respective Component's Lessons Learned Program Manager for consolidation and vetting. Ensure all vetted Lessons Learned Observations are appropriately entered into the Joint Lessons Learned Information System (JLLIS) at: https://www.jllis.smil.mil/apps.

3.B.10. (U) Components will provide a weekly report NLT 1200 each Friday to the ECJ33 JOC, summarizing operational impacts of COVID to CCMD missions.

3.B.10.A. (U) The report will include a weekly component summary of top-level operational impacts experienced due to COVID (executive-level, bulletized narrative of areas that are significantly impacted due to COVID-19 restrictions). This weekly summary will cover the Friday-to-Friday period.

3.B.11. (U) Ensure Component Public Affairs (PA) Office provide coverage of all upcoming DOD assistance provided to other nations in the USEUCOM AOR. Share PA products with the U.S. European Command Public Affairs (ECPA) in order to amplify coverage.

3.B.12. (U) Per the direction and IAW the requirements in the SECDEF Memo dated 19 May 2020 for changing COVID-19 Health Protection Condition Levels, commanders may change the HPCON level at their installations. Notify the USEUCOM J3 (by email addressed to the USEUCOM J33 JOC Team Chief) and USEUCOM Surgeon of any changes in

HPCON level, regardless of location. All gating criteria must be met prior to changing HPCON levels.

3.B.13. (U) Continue COVID-19 screening of Tier 1-3 units/personnel. Individual screening assessments include COVID-19 symptoms, signs, exposure factors, protective factors, and relevant existing medical conditions IAW CDC protocol and DOD Force Health Protection (FHP) guidance. Isolate and test those who screen positive. Evaluate individuals who develop symptoms and test as appropriate per current CDC protocol. Conduct contact tracing and quarantine close contacts IAW CDC protocol and FHP guidance.

3.B.14. (U) Conduct screening with asymptomatic testing for Operational Risk Reduction in accordance with component requirements.

3.B.15. (U) Sentinel Surveillance Testing (SST) will be conducted on randomly selected asymptomatic personnel.

3.B.15.A. (U) The method to determine SST population sample sizes can be determined by the Installation Commander with the advice of the installation Public Health Emergency Officers (PHEO) or by the USEUCOM recommended EpiTool calculator located on NIPR at: https://epitools.ausvet.com.au/freedomssthree.

3.B.15.B. (U) A sample of the population will be tested within a 14 day period. Tiered forces underway on U.S. naval vessels are assumed to be COVID-19 free and not subjected to SST.

3.B.15.C. (U) Components will forecast SST requirements out to sixty (60) days into the future, and report SST completed over the previous week, on a weekly basis.

3.B.15.D. (U) Components will make recommendations to add or withdraw units from the USEUCOM Tier 1 - 4 list through the COVID OPT and ECJ33 as planned OAIs and conditions warrant.

3.B.15.E. (U) All SST samples, and screening with asymptomatic testing will be sent to Public Health Command - Europe (PHC-E) for processing. Instructions for shipment and processing of samples will be distributed SEPCOR.

3.B.16. (U) Ensure documentation of COVID-19 diagnostic test results are recorded in the laboratory module of the service member's electronic health record IAW existing policies for medical record documentation.

3.B.17. (U) Under certain circumstances, a 14-day ROM (or longer) may be used based on risk to mission or of transmission, duration of mission and operational environment. Implement daily screening (e.g., symptoms, temperature, etc.) in conjunction with ROM. Evaluate individuals who develop symptoms and test as appropriate per current CDC protocol. Conduct contact tracing and quarantine close contacts IAW CDC protocol.

3.B.18. (U) Military treatment facilities and applicable health agencies will receive, process and transport COVID-19 SST samples for further testing by PHC-E. Military treatment facilities will publish detailed standard operating procedures for collection and submission of testing samples.

3.B.19. (U) In order to manage global testing supplies, Joint Staff COVID Task Force requires both a report of COVID-19 tests completed, and a prediction of tests to be conducted over a minimum of the next 60 days. Provide weekly updates NLT Thursday at 1400z through appropriate service channels.

3.B.20. (U) Applicable Military Treatment Facility / DoD laboratory that conducts COVID-19 testing, will submit daily report to the components for consolidation. Components will submit daily reports to the Joint Staff through service channels in accordance with format and timeline directed by Services.

3.B.21. (U) The USAFE controlled and organized COVID Ring Route tasking order is currently suspended (Ref BI). If conditions change and a logistics Ring Route is required, Ref BI will be reenacted and updated as necessary.

3.B.22. (U) Review validated Joint Staff requests for forces. Provide recommendation to the USEUCOM COVID-19 OPT to close open requests or to resubmit.

3.B.23. (U) Reinforce/supervise established public health measures (masks, physical distancing and hygiene).

3.B.24. (U) Communicate to the force the importance of adhering to established public health measures.

3.B.25. (U) Ensure work spaces are configured to maximize physical separation. If the physical reconfiguration of space is not possible, implement separation by other means such as time, geographic displacement of workers, etc., in order to (IOT) sustain functionality.

3.B.26. (U) Emphasis will be placed on using military or DoD contracted end-to-end travel, through established clean corridor locations, using aircraft or other conveyance for DoD sponsored travelers to the greatest extent practical.

3.B.27. (U//FOUO) Service Components obtain and review installation-level pandemic response plans to ensure the supporting plans contain sufficient details to respond to a future pandemic and are synchronized with U.S. European Command's pandemic response plan.

3.C. (U) Tasks to USEUCOM Component Commands.

3.C.1. (U) United States Air Forces Europe (USAFE).

3.C.1.A. (U) Be prepared to (BPT) support DOS contract flights on a non-reimbursable basis. Support to include ability to land and secure State medical evacuation aircraft to conduct patient transfer, access to refueling operations, and potentially access to maintenance hangars for unscheduled maintenance. Aircraft with COVID-19 patients will utilize Gas-and-Go to the greatest extent possible and IAW guidance, authorizations, and country clearances.

3.C.1.B. (U) Per Ref AE, BPT Plan, coordinate, and conduct repatriation operations of designated personnel, as approved by SecDef and as directed by CDR USEUCOM.

3.C.1.C. (U) To enable global operations, bases at the following locations are required to provide separate facilities (clean corridor) for aircrew and facilities for transient passengers booked on USTRANSCOM and non-USTRANSCOM operated flights (approx. 100-300 DoD PAX, for up to 24 hours, with approximately 48 hours of notice): Aviano AB, Italy; Incirlik AB, Turkey; Lajes Field, Portugal; RAF Mildenhall, United Kingdom; Ramstein AB, Germany; Moron AB, Spain; and Spangdahlem AB, Germany.

3.C.1.C.1.(U) Components must provide plans to support these aircrew and transient passengers, as well as limiting factors (LIMFACS) to the number/timeframe which is supportable, to the EUCOM Deployment and Distribution Operations Center (DDOC) (eucom.stuttgart.ecj4.mbx.ecj43-eddoc-group@mail.smil.mil).

3.C.1.C.2.(U) ICW USTRANSCOM Air Mobility Operations Wing (AMOW), BPT support APOD RSO&I of DOS/USAID contracted flights delivering humanitarian aid on a non-reimbursable basis.

3.C.1.D. (U) Serve as U.S. DoD and USEUCOM Lead Component for coordination and implementation of NATO Rapid Air Mobility (RAM)/Crisis Response Measures (CRM).

3.C.1.D.1.(U) Elevate limiting factors (LIMFACs) affecting the success of the RAM program to ECJ4 for resolution.

3.C.1.E. (U) Continue SST for identified Tiered units IAW guidance from the ECSG Command Surgeon's office. Components can use EpiTools, located at https://epitools.ausvet.com.au/freedomssthree, or an equivalent sample size calculator or statistical software to determine the sample size to establish confidence of freedom of disease. Inputs to the sample size calculation should be determined in coordination with Component public health and epidemiology expertise to best assess the local area COVID-19 dynamics such as prevalence and likelihood for disease introduction. Based on current

knowledge of COVID-19 transmission and incubation times, SST sampling should be performed at a minimum every 14 days, and the sampling may be spread out over multiple days in the week.

3.C.1.F. (U) Monitor and report changes to the conditions outlined in Ref BK for travel restrictions at the below installations to the USEUCOM Joint Operations Center (JOC):

3.C.1.F.1.(U) Ramstein Air Base, Germany; Spangdahlem Air Base, Germany; RAFs Lakenheath, Mildenhall, Alconbury, Molesworth, and associated UK GSUs as a common locality, U.K.; Incirlik Airbase, Turkey; Lajes, Portugal; Moron Air Base, Spain; Aviano Airbase, Italy.

3.C.1.F.2. (U) IAW Ref BK, Installations/facilities within a 50-mile commuting distance will coordinate their assessments and plans. Ramstein Air Base will coordinate with USAG Rhein-Pfalz, Germany. Deviations in assessment within the same geographic area must be discussed between subordinate commanders, and explained when reported to USEUCOM.

3.C.2. (U) United States Army Forces Europe (USAREUR).

3.C.2.A. (U) IAW Ref AI, continue the Single Integrated Medical Logistics Manager (SIMLM) Working Group with a minimum of one event per month to address Joint Service Medical Logistics requirements, provide guidance for medical activities to prioritize resupply of critical items, maintain in transit visibility and situational awareness of medical material for the Joint Service and promote supply chain efficiencies.

3.C.2.B. (U) Integrate the SIMLM Working Group outputs into the Joint Logistics Working Group/Joint Logistics Board to enable the decision making process.

3.C.2.C. (U) Monitor and report changes to the conditions outlined in Ref BK for travel restrictions at the below installations to the USEUCOM JOC:

3.C.2.C.1.(U) USAG Rhein-Pfalz, Germany; USAG Ansbach & USAG Bavaria as a common locality, Germany; USAG Stuttgart, Germany; USAG Wiesbaden, Germany; USAG Italy; U.S. military facilities and localities, Poland; and U.S. military facilities and localities in Belgium, Netherlands, and Luxembourg (BENELUX).

3.C.2.C.2.(U) IAW Ref BK, Installations/facilities within a 50-mile commuting distance will coordinate their assessments and plans. USAG Rhein-Pfalz, Germany will coordinate with Ramstein Air Base. Deviations in assessment within the same geographic area must be discussed between subordinate commanders, and explained when reported to USEUCOM.

3.C.2.C.3.(U) Direct Civil Affairs elements to support identification, nomination, execution, and assessments of Overseas Humanitarian Disaster and Civic Aid (OHDACA) COVID-19 Wave 2 projects and non-OHDACA COVID-19 related humanitarian assistance ICW U.S. Country Teams and Office of Defense Cooperation (ODC) Chiefs. Ensure integration/synchronization with other information-related capabilities (IRC).

3.C.3. (U) United States Naval Forces Europe (NAVEUR).

3.C.3.A. (U) To enable global operations, bases at the following locations are required to provide separate facilities (clean corridor) for aircrew and facilities for transient passengers booked on TRANSCOM and non-USTRANSCOM operated flights (approx. 100-300 DoD PAX, for up to 24 hours, with approximately 48 hours of notice): NSA Naples, Italy; NAS Sigonella, Italy; NSA Souda Bay, Greece; NAVSTA Rota, Spain.

3.C.3.A.1.(U) Components must provide plans to support these aircrew and transient passengers, as well as LIMFACS to the number/timeframe which is supportable, to the EUCOM DDOC (eucom.stuttgart.ecj4.mbx.ecj43-eddoc-group@mail.smil.mil).

3.C.3.B. (U) Monitor and report changes to the conditions outlined in

Ref BK for travel restrictions at the below installations to the USEUCOM JOC:
3.C.3.B.1.(U) NSA Naples, Italy; NAS Sigonella, Italy; NSA Souda Bay, Greece; NAVSTA Rota, Spain.
3.C.4. (U) Special Operations Command Europe (SOCEUR).
3.C.4.A. (U) Direct Civil Affairs elements to support identification, nomination, execution, and assessments of OHDACA COVID-19 Wave 2 projects and non-OHDACA COVID-19 related humanitarian assistance ICW US Country Teams and ODC Chiefs. Ensure integration/synchronization with other IRCs.
3.C.5. (U) United States Marine Corps Forces Europe (MARFOREUR).
3.C.5.A. (U) BPT support as required.
3.D. (U) Tasks Common to all USEUCOM Staff Directorates.
3.D.1. (U) Identify all mission essential personnel and validate a Directorate level mission essential personnel list as prescribed by ECJ1. Anticipate listed personnel to perform duties for a period of 90 to 180 days.
3.D.2. (U) Identify and prioritize a by-name list of mission essential personnel requiring classified (SIPR) remote access/telework capability.
3.D.3. (U) All staff directorates are responsible for the regular cleaning of workspaces as well as the sanitizing of workspaces for individuals that are confirmed COVID-19.
3.D.4. (U) BPT support repatriation operations of designated personnel, as approved by SecDef. Coordinate movements with DOS, USNORTHCOM, and USTRANSCOM.
3.D.5. (U) IAW paragraph (3.F.1.D.), USEUCOM Staff Directorates will report reduction of task critical asset operational readiness as a result of COVID-19 induced manpower reduction.
3.D.6. (U) Submit COVID-19 Lessons Learned Observations to the ECJ7-Joint Wargaming and Readiness Division - Lessons Learned (JWRD-LL) Branch for consolidation and vetting, using the Lessons Learned Observation Collections Tool "Big Green Button" located on SharePoint at https://command.eucom.smil.mil/sites/ECJ7/Pages/Lessons%20Learned.aspx. In the event the Collections Tool is inaccessible, send Lessons Learned Observations to the EUCOM LL Inbox at eucom.stuttgart.ecj7.mbx.ll@mail.smil.mil with Subject Line: "COVID-19 LL OBSERVATION". Email submissions should include all required fields as indicated in the Collections Tool.
3.D.7. (U) Reinforce/supervise established public health measures (masks, physical distancing and hygiene).
3.D.8. (U) Communicate to the force the importance of adhering to established public health measures.
3.D.9. (U) Ensure work spaces are configured to maximize physical separation. If the physical reconfiguration of space is not possible, implement separation by other means such as time, geographic displacement of workers, etc., IOT sustain functionality.
3.D.10. (U) Limit in-person meetings to the fullest extent possible. The meeting OPRs are advised to limit maximum amount of participants able to maintain recommended distancing of 2 meters or 10 people, whichever is lesser. Meetings will last 30 minutes or less.
3.D.11. (U) Implement mitigation measures to ensure continuity of operations, minimize risk and spread of infection and protect the force. Measures can include: Minor manning level adjustments; Teleworking (high-risk individuals); adjusting duty schedules; geographically distributing personnel.
3.D.12. (U) To support face covering issuance and distribution, NLT 20 November 2020 provide ECCS-HC a total number of personnel, by directorate, to include: Service Members, contractors, government civilians and family members.
3.E. (U) Tasks to USEUCOM Staff.
3.E.1. (U) ECJ1.

3.E.1.A. (U) Manage the Mission Essential Personnel Program and establish guidance for use of these employees.
3.E.1.B. (U) Continue to monitor and support readiness reporting via DRRS, and coordination with the JS and OUSD.
3.E.1.C. (U//FOUO) Develop and implement telework policy that, at a minimum, includes guidance on telework agreements and telework training.
3.E.1.D. (U//FOUO) Aggregate and submit USEUCOM Component Patriot Express projections and submit to USTRANSCOM monthly.
3.E.2. (U) ECJ2.
3.E.2.A. (U) Serve as the HQUSEUCOM proponent for monitoring and measuring performance and effectiveness of Mission Essential Function (MEF) #3. Report any anticipated points of failure to assure the HQ ability to perform MEF #3 and make recommendations to mitigate risk.
3.E.2.B. (U) Implement procedures associated with DoD Inspector General's report, Ref CE.
3.E.2.C. (U//FOUO) Conduct review of USEUCOM's use of classified network for unclassified activities to determine whether official guidance on using unclassified network is adequate.
3.E.3. (U) ECJ3.
3.E.3.A. (U) Provide updates to the USEUCOM Commander on a weekly basis on USEUCOM preparedness to execute Base Plan 4451-19.
3.E.3.B. (U) Serve as the HQ USEUCOM proponent for monitoring and measuring performance and effectiveness of Mission Essential Functions (MEF) #1, 2, and 5. Report any anticipated points of failure to assure the HQ ability to perform MEF #1, 2, and 5 and make recommendations to mitigate risk.
3.E.3.C. (U) Consolidate weekly component inputs summarizing operational impacts of COVID-19 to HQ USEUCOM missions. Report will cover the Friday to Thursday period and will provide a summary of top-level operational impacts to USEUCOM operations experienced due to COVID-19 (executive-level, bulletized narrative of areas that are significantly impacted due to COVID-19 restrictions). Reports from components will be consolidated by the JOC and then transmitted to js.pentagon.j3.mbx.joint-staff-cmt-leadership@mail.smil.mil every Friday by COB.
3.E.3.D. (U) Through the Joint Effects Working Group, synchronize USEUCOM and/or Component implementation, modification, or cancellation of future OAIs as the result of emergent COVID-19 impacts.
3.E.3.E. (U) Maintain a SIPR and NIPR Domain knowledge management platform.
3.E.3.F. (U) Track and report the status of COVID-19 impacts, including impacts on training, exercises, and operations. Provide the Joint Staff NMCC with COVID-19 effects on mission status via OPREP/SITREP, including an assessment of mission readiness and any mitigations.
3.E.3.G. (U) Assist in coordinating directed repatriation operations of designated personnel as directed by SecDef.
3.E.3.H. (U) Report to CDRUSEUCOM when installations have changes to conditions affecting travel restrictions.
3.E.3.I. (U) Report changes to travel restrictions to the Joint Staff and DOD COVID-19 Task Force as required.
3.E.3.J. (U) Publish the status of host nation, installation, facility or locations.
3.E.3.K. (U) Coordinate with ECJ7 to prioritize and allocate available work spaces within the General Bernard W. Rogers Partnership Conference Center to maximize physical distancing. Note, if Conference Center is used as expanded workspace, it will be unavailable for large events. Any exceptions will be coordinated through the ECJ7.
3.E.3.L. (U//FOUO) Update USEUCOM Continuity of Operations Plan

(COOP) or include an annex in Pandemic Response Plan that addresses policies, procedures, and responsibilities for executing mission-essential functions in a socially distanced environment.
3.E.3.M. (U//FOUO) Conduct review of USEUCOM's use of classified network for unclassified activities to determine whether official guidance on using unclassified network is adequate.
3.E.3.N. (U) ECJ39 coordinate with ECPA and ECJ9 to ensure layered effects and synchronization for messaging with COVID-19 Wave 2 Assistance projects.
3.E.4. (U) ECJ4.
3.E.4.A. (U) Support Component Command efforts to ensure theater PPE levels are adequate to execute any potential responses.
3.E.4.B. (U)Serve as the HQ USEUCOM proponent for monitoring and measuring performance and effectiveness of Mission Essential Function (MEF) #6. Report any anticipated points of failure to assure the HQ ability to perform MEF #6 and make recommendations to mitigate risk.
3.E.4.C. (U) Assist ECSG to identify excess medical capacity in supplies and capability in order to determine ability to provide support to allies and partners when and as directed.
3.E.4.D. (U) Determine excess non-lethal property that may be made available for transfer to the Secretary of State for humanitarian assistance donation within the USEUCOM Theater.
3.E.5. (U) ECJ5/8.
3.E.5.A. (U) BPT coordinate with American Embassies and ECSG to determine ability to support foreign nation COVID-19 related requests for support (RFS).
3.E.5.B. (U) Coordinate with ECPA, through ODCs, prior to project completion to synchronize messaging and provide amplification as needed.
3.E.5.C. (U) BPT coordinate with American Embassies to facilitate access, basing, and overflight in support of Enable Global Operations LOE and SecDef directed support to repatriation flights and ensure the status of each embassy in the AOR is tracked.
3.E.5.D. (U) Monitor and report any interruption of security cooperation OAIs and make recommendations on risk mitigation.
3.E.5.E. (U) Use the commander's communication synchronization (CCS) process to coordinate with USEUCOM IRCs including Public Affairs (PA), Information Operations (IO), J9, etc.
3.E.5.E.1.(U) Build awareness of COVID-19 threat in AOR.
3.E.5.E.2.(U) Inform and reassure key populations.
3.E.5.E.3.(U) Educate audiences on mitigation.
3.E.5.E.4.(U) Communicate DOD's primary mission, capacity to support others when requested and approved, and capability to defeat attempts to exploit the COVID-19 outbreak.
3.E.5.F. (U) Manage the CCS process to ensure all command communication efforts support the shaping of the environment to provide appropriate COVID response actions.
3.E.5.G. (U) Provide command synchronized input regarding content and assessment to ECPA for digital media efforts (social media, DoD official websites).
3.E.5.H. (U) Coordinate with Global Engagement Center (GEC) and US Agency for Global Media (USAGM) to ensure maximum dissemination of DoD COVID response efforts via DoS and interagency channels.
3.E.5.I. (U) Coordinate actions among USEUCOM IRCs to facilitate the CCS process.
3.E.5.J. (U) Align communications activities, including military support to public diplomacy, information operations, military information support operations (MISO), and public affairs.
3.E.5.K. (U) ICW Senior Defense Officials / Defense Attache Offices, coordinate with host nations to ensure service components and garrison/installation commanders understand the host nation quarantine or restrictions of movement (ROM) standards, or advocate

with host nations for necessary exceptions to current quarantine or ROM standards.

3.E.5.L. (U) In coordination with USEUCOM POLAD and ECSG, report to the ECJ33 when a HN should be considered for reduced travel restrictions IAW Ref BK.

3.E.5.M. (U//FOUO) Upon release of U.S. Northern Command (USNORTHCOM) Functional Campaign Plan - Pandemics and Infectious Diseases (FCP-P&ID), develop a Level III, with select annexes, USEUCOM Support Plan to USNORTHCOM's FCP-P&ID.

3.E.5.M.1.(U) Coordinate as required with Service Components to ensure that installation level pandemic response plans are nested with USEUCOM CONPLAN 4451, Pandemics and Infectious Diseases.

3.E.5.N. (U//FOUO) Support ECJ7 to integrate pandemic and infectious disease plan (BPLAN 4451) response into the updated pandemic response plan in USEUCOM Joint Exercise Program.

3.E.5.O. (U//FOUO) Coordinate with Supreme Headquarters Allied Powers Europe (SHAPE) and assist, as necessary, in the development of a NATO pandemic response plan.

3.E.5.P. (U//FOUO) Immediately report changes in Access, Basing, and Overflight processes that affect military mobility or OAIs to USEUCOM JOC and ECJ4 DDOC.

3.E.6. (U) ECJ6.

3.E.6.A. (U) BPT provide expanded network capability to support an expansion of workspaces to facilitate social distancing while phasing return to work.

3.E.6.B. (U) Distribute classified telework assets IAW USEUCOM Chief of Staff guidance.

3.E.6.C. (U) Serve as the HQUSEUCOM proponent for monitoring and measuring performance and effectiveness of Mission Essential Function (MEF) #4. Report any anticipated points of failure to assure the HQ ability to perform MEF #4 and make recommendations to mitigate risk.

3.E.6.D. (U) BPT expand networking capability to the General Bernard W. Rogers Partnership Conference Center as necessary ISO expanded work space.

3.E.6.E. (U//FOUO) Direct USEUCOM HQ staff and Service Component Commands to identify and acquire, as necessary, any equipment, network capabilities, and tools required to support personnel working in a telework environment and to enable effective communication with our Allies and Partners.

3.E.6.F. (U//FOUO) Conduct review of USEUCOM's use of classified network for unclassified activities to determine whether official guidance on using unclassified network is adequate.

3.E.6.G. (U) Provide Directorate teleworkers clear instructions on how to properly access and use NIPRNet-Over-Web system remotely.

3.E.7. (U) ECJ9

3.E.7.A. (U) Serve as the HQ USEUCOM proponent for monitoring and measuring performance and effectiveness of Mission Essential Function (MEF) #7. Report any anticipated points of failure to assure the HQ ability to perform MEF #7 and make recommendations to mitigate risk.

3.E.7.B. (U) In coordination with J5/8 Regional Affairs, act as lead agent for coordination with DAOs/ODCs for OHDACA funds, assistance with contracting, and coordination with Interagency partners.

3.E.7.C. (U) Subject to approval levels directed by the Deputy Commander, review and approve the expenditure of all OHDACA funding for COVID 19 support to Allies and Partners.

3.E.7.D. (U) ICW ECJ5/8, coordinate with Ally and Partner AMEMBs for identification, implementation, and reporting of OHDACA funded projects.

3.E.7.E. (U) ICW ECJ4 and ECJ5/8 and DAOs/ODCs to identify any requests from Allies and Partners for non-lethal excess property requirements or the purchase of relief supplies and medical equipment in support of humanitarian and health requirements.

3.E.8. (U) ECSG.
3.E.8.A. (U) Conduct continued disease surveillance in conjunction with World Health Organization (WHO), U.S. CDC, European CDC (ECDC) and host nation health agencies.
3.E.8.B. (U) Provide weekly updates to the Command via the Morning Update Brief (MUB).
3.E.8.C. (U) Chair and conduct the USEUCOM Joint Medical Executive Board (JMEB), the Joint Medical Working Group, and the Joint Force Health Protection Working Group (JFHP WG) as required.
3.E.8.D. (U) Facilitate Single Integrated Medical Logistics Manager (SIMLM) WG as required.
3.E.8.E. (U) In coordination with the ECJ33 JOC and J4, update the theater medical dashboard & staff estimate with pertinent information as required.
3.E.8.F. (U) Coordinate with ECJ5/8 to determine ability to support foreign nation COVID-19 related medical requests for support (RFS).
3.E.8.G. (U) ICW the ECJ4, identify excess medical supplies, capability, and capacity that could be utilized to support validated requests from Allies and Partners.
3.E.8.H. (U) Review/update the COVID-19 epidemiological planning factors, per location, no less than every 14 days.
3.E.8.I. (U) Act as the lead directorate establishing policy and procedures for the shipment of COVID-19 testing supplies and surveillance tests.
3.E.9. (U) ECJA.
3.E.9.A. (U) Provide full spectrum legal support as necessary and required in support of the mission.
3.E.10. (U) ECCS/HC.
3.E.10.A. (U) Be prepared to establish COVID-19 Positive workspaces.
3.E.10.B. (U) Be prepared to support individual staff directorates with sanitization of COVID-19 Positive workspace.
3.E.10.C. (U) In coordination with the J2 and J6, develop a plan to provide TS and JWICs capable work space for COVID-19 personnel.
3.E.10.D. (U) BPT develop a plan, in coordination with the ECJ6, to provide additional work spaces to directorates, when and as needed.
3.E.10.E. (U) ICW the ECSG, initiate and oversee the HQ USEUCOM COVID-19 surveillance testing program.
3.E.10.F. (U) NLT 01 December, begin distribution of face coverings to USEUCOM HQ Staff IAW ECJ4 guidance.
3.E.10.G. (U) Send face coverings distribution report weekly to the USEUCOM JOC Team Chief at eucom.stuttgart.ecj3.mbx.joc-team-chief@mail.smil.mil and ECJ41 at eucom.stuttgart.ecj4.list.ecj41-supply-mx@mail.smil.mil.
3.E.11. (U) ECCM.
3.E.11.A. (U) In coordination with ECJ9, BPT report the estimated costs of all reimbursable support provided to Allies and Partners as requested.
3.E.12. (U) ECPA.
3.E.12.A. (U) Coordinate with ECJ9 and ECJ5/8 to ensure proper messaging and amplification of COVID-19 Wave 2 Assistance projects.
3.F. (U) Coordinating Instructions.
3.F.1. (U) COVID-19 Daily Reporting Requirements.
3.F.1.A. (U) Component and USEUCOM J-Directorates will designate, at a minimum, a primary and alternate POC who are responsible for submitting reports for ROM / Self-Isolation and Confirmed Cases of COVID-19 via the USEUCOM COVID-19 Case(s) Reporting Portal. This Portal may be accessed from the USEUCOM Homepage by selecting "COVID-19 Response" then "COVID-19 Reporting", and is located at: https://command.eucom.smil.mil/UDOP/Tools/_custom/covid/index.html.
3.F.1.A.1.(U) USEUCOM Component Commands will report daily the total number of personnel in COVID-19 related ROM (Isolation or Quarantine), the number of confirmed COVID-19 cases (clinical

diagnosis or laboratory test positive) and the number of personnel recovered from COVID-19. Each report must characterize the personnel as Military / Civilian / Contractor / Dependent / Local National and the assigned installation and country of the individual. Daily reports are required to the USEUCOM JOC NLT 1200Z.

3.F.1.A.2.(U) USEUCOM Staff will report daily the total number of personnel in COVID-19 related ROM (Isolation or Quarantine), the number of confirmed COVID-19 cases (clinical diagnosis or laboratory test positive) and the number of personnel recovered from COVID-19. The USEUCOM Staff will complete all fields for COVID-19 Confirmed Cases in the report.

3.F.1.A.3.(U) Components and J-Directorates are responsible for daily updating changes in personnel Infection Status (ROM / Self-Isolated or Confirmed), and Medical Status (At Home, Hospitalized, Recovered, Critical, Deceased) via the USEUCOM JOC NLT 1200Z.

3.F.1.A.4.(U) The USEUCOM JOC will review reports as they are received and submit a summary that will be included in the daily USEUCOM Current & Future Operations SITREP. Additionally, the USEUCOM JOC will submit a daily OPREP, NLT 1900Z, that includes a summary of all confirmed cases of COVID-19, in accordance with CJCS COVID-19 CCIRs.

3.F.1.A.5.(U) Service Components will report Confirmed Cases of COVID-19 directly to Joint Staff COVID-19 Crisis Management Team, in accordance with Joint Staff requirements, and copy the USEUCOM JOC on all message traffic.

3.F.1.A.6.(U) Contact information for the JOC is as follows: Battle Watch Captain (BWC), Team Chief, and Executive Officer (XO) eucom.stuttgart.ecj3.mbx.joc-battle-capt@mail.smil.mil; eucom.stuttgart.ecj3.mbx.joc-team-chief@mail.smil.mil; eucom.stuttgart.ecj3.mbx.joc-xo@mail.smil.mil.

3.F.1.A.7.(U) ODCs and Components will report all COVID-19 Wave 2 Assistance project completion ceremonies (ribbon cutting) and/or delivery executions NLT 7 days prior to the event. Direct all reports to ECJ9-CMOD, ECPA, and ECJ39 at a minimum.

3.F.1.B. (U) Components will report any assessed impacts on Component Command Operations, Activities, and Investments (OAIs) over the next three quarters via the Impacted OAI Tracker located on the JOC COVID-19 Document page on Sharepoint. https://command.eucom.smil.mil/epoc/joc/ops/COVID19%20Documents/

3.F.1.C. (U) Weekly NLT 0800Z Friday, update the USEUCOM medical logistical status (LOGSTAT). LOGSTAT reports will be updated at the following NIPR link: https://intelshare.intelink.gov/sites/eucom-logistics/Lists/EUCOM%20Pandemic%20LOGSTAT/Allitems.aspx

3.F.1.D. (U) LOGSTAT Reports will be updated at the following NIPR link, https://intelshare.intelink.gov/sites/eucom-logistics/Lists/EUCOM%20Pandemic%20LOGSTAT/Allitems.aspx

3.F.1.E. (U) Reporting of COVID-19 impacts on USEUCOM Strategic Asset List. Components and USECOM Staff will report reduction of task critical asset operational readiness as a result of COVID-19 induced manpower reduction. Using the modified USEUCOM Strategic Asset List located at https://go.intelink.sgov.gov/c15Dhg8 (copy and paste link in browser, then open in Excel to edit), characterize the impact of COVID-19 affected personnel and assets by filling in the "COVID-19 Status/Remarks" Column with the colors as indicated below:

3.F.1.E.1.(U) GREEN (No impact).
3.F.1.E.2.(U) YELLOW (Operations degraded, sustainable).
3.F.1.E.3.(U) RED (Operations degraded, at risk).
3.F.1.E.4.(U) BLACK (Operations degraded, ineffective).
3.F.1.E.5.(U) In the "COVID-19 Status/Remarks", indicate number of assets at risk (e.g., 2 of 20), affected mission set(s) (C4, IAMD,

ISR, LOG, NC3) anticipated trend (improving/degrading).
3.F.1.E.6.(U) Follow on reports are due last Monday of the month, NLT 0800Z. Full spreadsheet by exception when status change occurs; "no change" updates by email.
3.F.1.E.7.(U) Reports are to be submitted to the following email address: Christopher.K.Reordan.civ@mail.smil.mil with the same file name appended with the Component name and date time group (e.g., (S) 2019 SAL COVID-19 Reporting Spreadsheet 30 March 2020 USAFE 221830APR2020).
3.F.1.E.8.(U) Please direct questions on reporting impacts to the USEUCOM Strategic Asset List to the ECJ9 Mr. Casey Groves, email casey.s.groves.civ@mail.smil.mil, Mr. Peter Moosey, email peter.j.moosey.civ@mail.smil.mil, Mr. Matthew Stoakes, email matthew.r.stoakes.civ@mail.smil.mil or Mr. Martin Bixby, email martin.o.bixby.ctr@mail.smil.mil.
3.F.1.F. (U) Per Ref BL, on a weekly basis, Service components will report COVID-19 Tier Testing requirements and execution through Service channels. Service components will courtesy copy the USEUCOM JOC on all reports.
3.F.1.G. (U) Weekly, NLT 2000Z Friday, provide HN and installation updates to the DoD COVID-19 Task Force.
3.F.1.H. (U) USEUCOM retains the authority for interagency coordination to declare any locality not named in this order as a no/restricted travel location.
3.F.1.I. (U) Per Ref BO and BX, USEUCOM Component Commands will immediately report to the USEUCOM JOC if passengers test positive for COVID-19 within 14 days after disembarking from a USTRANSCOM aircraft that landed in the USEUCOM AOR. USEUCOM JOC will immediately report all cases to the USTRANSCOM DDOC, Comm 618-220-7700, SVOIP 302-513-0302, transcom.scott.tcj3.mbx.ddoc-chief@mail.smil.mil. USTRANSCOM has also requested that USEUCOM report all known historical data for COVID-19 positive passengers transported via USTRANSCOM airlift from 01 March 2020 to present. USEUCOM Component Commands will utilize the USEUCOM COVID-19 Case(s) Reporting Portal for reporting historical data. Questions regarding historical reporting should be directed to the USEUCOM JOC Team Chief at eucom.stuttgart.ecj3.mbx.joc-team-chief@mail.smil.mil.
3.F.2. (U) Commander's Critical Information Requirements. Updated CCIRs and FFIRs can be found on the COVID OPT 2.0 SharePoint site at: https://command.eucom.smil.mil/epoc/pd/covid19/Pages/COVID19OPT2.aspx .
3.F.2.A. (U) Priority Information Requirements.
3.F.2.A.1.(U) PIR 1: What are the efforts of international partners, countries or organizations to detect, mitigate or respond to an infectious disease outbreak of operational significance (epidemic or of pandemic potential).
3.F.2.A.2.(U) PIR 2: Identify the new or novel influenza virus mutation or other respiratory pathogen (emerging or engineered) with pandemic potential.
3.F.2.A.3.(U) PIR 3: Has an infectious disease of operational significance (epidemic or of pandemic potential) been detected in or introduced into a geographic area where there is little or no assessed population immunity.
3.F.2.A.4.(U) PIR 4: What are the foreign governments' political, military, medical and social responses to infectious disease outbreaks.
3.F.2.A.5.(U) PIR 5: Will a state, non-state or transnational actor take advantage of the PI/ID situation.
3.F.2.A.6.(U) PIR 6: Have COVID-19 cases increased, stabilized, or decreased in the last 14 days in the USEUCOM and Component HQ.
3.F.2.A.7.(U) PIR 7: Have COVID-19 cases increased, stabilized, or decreased in the last 14 days in key theater-setting locations, e.g.,

Germany, Italy, Belgium, Spain, Greece, U.K., or Netherlands.
3.F.2.A.8.(U) PIR 8: Have COVID-19 cases increased, stabilized, or decreased in the last 14 days in key OAI locations, e.g., Turkey, Poland, Romania, Israel, Baltics, Ukraine and Kosovo.
3.F.3. (U) Friendly Forces Information Requirements. Refer to para 3.F.2 for location.
3.F.4. (U) Mission Essential Functions (MEF) of the USEUCOM HQ.
3.F.4.A. (U) MEF #1: Maintain Command and control of over U.S. military capabilities (forces) in USEUCOM area of operations (AOR) to execute USEUCOM's Level IV OPLANs and names operations and coordinate with NCA, Allies, and Partners. ECJ3 is proponent.
3.F.4.B. (U) MEF #2: Manage theater joint effects process. ECJ3 is proponent.
3.F.4.C. (U) MEF #3: conduct intelligence tasking, collection, analysis & dissemination to support priority intelligence requests reporting, indications & warning and planning support for USEUCOM and Higher HQ. Proponent is the ECJ2.
3.F.4.D. (U) MEF #4: Operate and manage joint and combined theater Command, Control, Communications, Computers, Intelligence, Surveillance, and Reconnaissance (C4ISR) environment. Proponent is the ECJ6.
3.F.4.E. (U) MEF #5: Detect and deter threats and prevent attacks in defense of the U.S., NATO Allies, and partner nations originating from or transiting through USEUCOM AOR. Proponent is the ECJ3.
3.F.4.F. (U) MEF #6: Operate and manage joint and combined theater logistics. Proponent is the ECJ4.
3.F.4.G. (U) MEF #7: Integrate military operations with interagency activities as part of USG efforts in the USEUCOM AOR. Proponent is the ECJ9.
3.F.5. (U) Workforce Management Guidance.
3.F.5.A. (U) Liberty Travel Restrictions. Military and civilian personnel should maintain documentation of approved leave that has been cancelled due to COVID-19 operations or restriction of movement limitations. USEUCOM Personnel will comply with host nation restrictions as well as complying with any isolation or quarantine orders. Personnel on liberty should practice "social distancing", including remaining out of public places where close contact with large groups of people may occur (e.g., shopping centers, movie theaters, stadiums, etc.) avoiding local public transportation (e.g. bus, subway, taxi, ride share), avoiding shaking hands or other physical contact, and maintaining distance (approximately six (6) feet, or two (2) meters) from others. Personnel shall apply this guidance and best judgement in conducting routine local liberty activities.
3.F.5.B. (U) Military Leave. IAW Ref BN, leave travel for Service members is exempt from the COVID-19 travel restrictions directed by DoD in Ref BK. Commanders and supervisors will conduct a risk assessment of the health status and travel itinerary for Service members requesting leave. Service members should not travel if they display a fever or other symptoms consistent with COVID-19. USEUCOM personnel will comply with all other DoD, Federal, State, local, and Host Nation restrictions while in a leave status. Upon return from leave travel, USEUCOM personnel will comply with Host Nation, Service Component, installation, and/or unit requirements or guidance regarding ROM and testing upon return from leave.
3.F.5.C. (U) Civilian Leave. Funded Environmental Morale Leave is not authorized except for cases of extreme hardship, humanitarian reasons, or medical necessity and must be approved by an O-6 or civilian equivalent. Renewal Agreement Travel (RAT) does not require O-6 or civilian equivalent approval under exemption K, ref BK. There is no change to the civilian leave request process or approval authorities in (Automated Time Attendance & Production System)

ATAAPS.

3.F.5.D. (U) Office of Personnel Management (OPM) guidance authorizes specific non-chargeable administrative leave (Admin-Safety) for asymptomatic civilians (i.e., healthy, not displaying symptoms of this disease) who are subject to restrictions (isolation or quarantine).

3.F.5.E. (U) Employees who are symptomatic regardless of where they traveled must use sick leave or other chargeable leave.

3.F.5.F. (U) Child care. Until further guidance from OSD and OPM is received, civilian employees impacted by installation commanders closing schools or child care services should follow current OPM guidance dated 28 February 2020 to utilize telework as approved by their supervisors IAW existing telework authorities and agreements, accrued annual leave, comp time off, credit hours, or other paid time off but not "Weather and Safety Leave."

3.F.5.G. (U) In the event an installation is closed due to COVID-19, Commanders may authorize Weather and Safety Leave (5 U.S. Code 6329c) for non-telework participant civilian employees who cannot report to work.

3.F.5.H. (U) All USEUCOM Directorates and Component Commands will establish a system to identify vulnerable members of the workforce. Report numbers of vulnerable population to ECSG.

3.F.5.I. (U) Commanders have the authority to maximize telework opportunities, authorize Permissive Temporary Duty (TDY) or "work from home" for personnel based in outbreak affected areas.

3.F.5.J. (U) All staff directorates will identify and maintain a mission essential personnel list as prescribed in DODI 3020.42. Component Commands and USEUCOM staff are encouraged to conduct rehearsals of reduced manning plans to ensure readiness to implement mission essential only.

3.F.6. (U) Permanent Change of Station (PCS) Guidance. Review all upcoming PCS personnel - military and civilian - traveling to or from areas affected by COVID-19.

3.F.6.A. (U) Patriot Express. Service members, dependents, and DoD civilians are encouraged, to the maximum extent practicable, to use USTRANSCOM Patriot Express contracted flights for movement into and out of the USEUCOM AOR. USTRANSCOM has requested early booking for Patriot Express flights to facilitate accurate forecasting and scheduling. Personnel with PCS orders can reserve seats for Patriot Express flights by contacting their local passenger travel / transportation office or military passenger terminal.

3.F.7. (U) Operations Security (OPSEC).

3.F.7.A. (U) OPSEC pertains to critical but unclassified information that requires additional protection and deliberate measures to safeguard due to the sensitivity and possible impact to operations. OPSEC implementation must be considered in all phases of planning and execution to protect critical information.

3.F.7.B. (U) Commanders will ensure all members are aware of potential vulnerabilities of using social media sites, open communication systems, geo-location devices, and informal social gatherings.

3.F.7.B.1.(U) Service members will encourage their family members to refrain from posting critical information related to this mission on social media.

3.F.7.C. (U) Review the USEUCOM Critical Information List (CIL): https://command.eucom.smil.mil/epoc/iosad/pages/opsec.aspx. The USEUCOM CIL can also be accessed on USEUCOM NIPR desktops via the OPSEC "dragon" icon on the desktop.

3.F.7.D. (U//FOUO) Due to the nature of this mission and the imperative need to reassure both the American military population and the host nation, the command may accept risk in many items on the above CIL. However, the following information must be protected

regarding COVID-19 support.
3.F.7.E. (U//FOUO) Specific CIL items for the COVID-19 support
mission are as follows:
3.F.7.E.1.(U//FOUO) Mission-specific details, such as
vulnerabilities, shortfalls, medical readiness, and critical
resupply.
3.F.7.E.2.(U//FOUO) Internal support deployment logistics
capabilities and constraints.
3.F.7.E.3.(U//FOUO) Tactics, techniques, and procedures (TTPs) for
COVID-19 response forces.
3.F.7.E.4.(U//FOUO) COVID-19 related communication systems connection
nodes' operational status and degradation vulnerabilities.
3.F.7.F. (U) OPSEC while teleworking. Telework personnel have a
continuing responsibility to safeguard information while in use and
at rest. Personnel should always consider information being processed
at home to be at increased risk of adversary targeting and
collection. Keep the following information in mind when authorized
and/or directed to work from home:
3.F.7.F.1.(U) Keep sensitive documents covered when not in use and
during transport to and from home and your work location.
3.F.7.F.2.(U) Do not leave official documents or government furnished
equipment unattended in public spaces or in vehicles.
3.F.7.F.3.(U) Return all documents to your office and destroy using
approved methods; do not discard work-related papers in your trash.
3.F.7.F.4.(U) Encrypt all Controlled Unclassified Information (CUI)
including Privacy Act and For Official Use Only (FOUO) data.
3.F.7.F.5.(U) Be aware of your surroundings; not everyone within
earshot may have a need to know what you are talking about.
3.F.7.F.6.(U) Immediately report suspicious activity or suspected
data loss to your organization's security representatives.
3.F.7.F.7.(U) Be cognizant of the danger of data aggregation.
Specifically, collecting large amounts of unclassified (open source)
data on friendly vulnerabilities and indicators can easily aggregate
to the classified level.
3.F.7.F.8.(U) Per Ref AN for OPSEC reasons, only OSD or the Services
will release numbers of confirmed COVID-19 cases that are aggregated
at DoD/Service levels. Numbers of people in isolation, quarantine or
possibly infected will not be released.
3.F.8. (U) Inter-theater Patient Movement. IAW with Ref AP approval
to transport contagious / contaminated / potentially exposed patients
(including in in-extremis situations) is delegated to CDR USTRANSCOM.
This delegation of authority is limited only to patients diagnosed
with COVID-19 who are determined to require inter-theater movement to
a higher level of care or those presumed to have COVID-19 as
determined by a health professional.
3.F.8.A. (U) Requests for transport of COVID-19 patients will be sent
to the Theater Patient Movement Requirement Center (TPMRC). The TPRMC
is a USTRANSCOM element physically located at Ramstein Air Force
Base, Germany.
3.F.8.B. (U) USEUCOM ECJ3 approval and Host Nation government
notification is required for the inter-theater movement of COVID-19
positive patients into the USEUCOM AOR. Requests for approval must be
submitted through the USEUCOM JOC.
3.F.8.C. (U) Components, to include Regional Health Command - Europe,
and coordinating authorities must formally request approval to
transport COVID-19 positive patients into the AOR through the USEUCOM
Joint Operations Center (JOC). Contact information for the JOINT
OPERATIONS CENTER 24/7: JOC Team Chief, DSN: 314-430-5075, COMM:
011-49-(0)711-680-5075,
eucom.stuttgart.ecj3.mbx.joc-team-chief@mail.smil.mil.
3.F.8.D. (U) Components, to include Regional Health Command - Europe,
must notify the USEUCOM Command Surgeon (ECSG) and/or the TRANSCOM

Patient Movement Requirements Center - East (TPMRC-E) if contacted by a non-DoD entity to accept a COVID-19 positive patient from outside of the AOR. The ECSG/TPMRC-E will provide the Component with the required POCs for proper approval/host nation notification. ECSG can be reached at DSN: 324-412-4306/4302, COMM: 011-49-(0)7080-4306/4302 or eucom.stuttgart.ecj4.mbx.med-ops-and-plans-group@mail.smil.mil. TPMRC-E can be reached at DSN: 314-480-8040, COMM: 011-49-(0)-6371-47-8040 or tpmrc-e.3afsgz@us.af.mil.
3.F.9. (U) Effective 16 October 2020, USEUCOM transitioned to Phase I (Protect) of the USEUCOM Base Plan 4451-19.
3.F.10. (U) USAFRICOM and USCENTCOM AOR Travel. IAW Ref BV and Ref CC, USEUCOM personnel are prohibited from executing travel to the USAFRICOM and USCENTCOM AORs unless pre-travel ROM of fourteen (14) days is completed. Furthermore, USEUCOM personnel are prohibited from boarding aircraft that route through the USAFRICOM and USCENTCOM AORs unless they have completed the prescribed ROM. Members must also possess documentation from the first GO/FO/SES in the travelers chain of command certifying the prescribed ROM has been completed prior boarding an aircraft en route to or destined to the AFRICOM or USCENTCOM AORs. Air crew are exempt from the fourteen (14) day ROM requirement.//

GENTEXT/ADMIN AND LOG/
4. (U) ADMINISTRATION AND LOGISTICS.
4.A. (U) Funding. USEUCOM will not provide funding. Components and/or other supporting commands and agencies will fund costs of participating units/personnel to include deployment, redeployment, and tasked responsibilities. Appropriate management controls to ensure proper use of funds and to safeguard against loss, funding shortfalls, and other funding-related issues will be addressed through designated funding channels. All organizations incurring incremental costs ISO this operation will separately track and report those costs to service comptrollers by means and in formats the latter prescribe for subsequent reporting to Defense Finance and Accounting Services (DFAS) in IAW DOD Financial Management Regulation (FMR) 7100.14R Volume 12, Chapter 23, Paragraph 2308.
4.A.1. (U) Components and/or other supporting commands and agencies should review pay cap authority for civilian personnel pay in the event COVID-19 response requires extensive overtime hours.
4.A.1.A. (U) IAW Combatant Command Support Agency (CCSA) guidance, USEUCOM staff will capture costs in the appropriate functional cost account for all COVID-19 activities. In addition, track and report cost avoidance (any action that avoids incurring of costs for the remainder of FY20) funding, for activities cancelled or modified to your CCSA as directed. Consider, cancellation costs (e.g. transportation, contracts, lodging, fees, etc.) prior to reporting.
4.A.2. (U) Logistics. Components and/or other supporting commands and agencies will identify, prioritize, and assess levels of PPE and other critical supplies. All organizations will establish management controls to ensure proper use of PPE and to safeguard against loss or shortfalls ISO COVID-19 crisis response. Commanders will determine and maintain visibility of sustainment stock levels, mitigate identified shortfalls, and initiate resupply as necessary to meet mission requirements. Identify critical supplies, goods, or services that require high-priority delivery to support and sustain the mission. Monitor and communicate significant disruptions in host nation logistical movements caused by travel restrictions or degraded commercial contract support. Commanders will coordinate with local host nation officials, who have jurisdiction in near or around US installations, to facilitate logistical movements.
4.A.3. (U) Funding for OHDACA COVID-19 Wave 2 CARES Act distribution plan IAW Ref BZ. CARES Act reprogramming provides $8.93M for new

COVID Assistance to Allies and Partners in FY21. Reprogrammed CARES Act funding available through FY21 and must be used for COVID-19 or returned.

4.B. (U) U.S. European Command Public Affairs (ECPA).

4.B.1. (U) Public affairs guidance: All public affairs messaging will align with DOD messaging. Components will utilize all tools to communicate with personnel through their internal and external websites, social media, and AFN radio and TV. OPSEC remains a high priority.

4.B.2. (U) For the latest updates on COVID-19, personnel should use the following links: Center for Disease Control:
https://www.cdc.gov/coronavirus/2019-ncov/about/index.html
Department of Defense:
https://www.defense.gov/Explore/Spotlight/Coronavirus/
Department of State:
https://travel.state.gov/content/travel/en/traveladvisories/ea/covid-19-information.html
Department of Homeland Security: https://www.dhs.gov/coronavirus
U.S. European Command: https://www.eucom.mil/eucom-covid-19-updates
Robert Koch Institute:
www.rki.de/en/content/infections/epidemiology/outbreaks/covid-19/covid19.html

4.B.3. (U) Per Ref AN, only OSD or the Services will release numbers of confirmed COVID-19 cases that are aggregated at DoD/Service levels. Numbers of people in isolation, quarantine or possibly infected will not be released. Any inquiries requesting numbers of infected within the USEUCOM AOR will be referred to OSD.

4.B.4. (U) Public affairs is responsible for maintaining all social media and public website information, to include regular updates with command approved information.

4.B.5. (U) Media queries within the scope of the DoD and USEUCOM messaging guidance can be answered at component level. Any queries outside the DoD and USEUCOM messaging guidance will need to be coordinated with ECPA.

4.B.6. (U) In the event a USEUCOM component does not participate in a scheduled public event, it will report this as a cancelled OAI through operational channels and explain why (e.g., due to host-nation cancellation; at the request of the USEMB; DOD travel restriction, etc). If non-participation is due to a USEMB recommendation, ECPA will notify the event organizer if the USEMB does not. If a USEUCOM component decides to be more restrictive and cancels its participation in a scheduled public event, then the USEUCOM component will notify the event organizer; respond to any potential media queries; etc. If ECPA needs to be contacted, call DSN 324-412-8147, Comm +49 (0) 711-7080-8147, or email: eucom.stuttgart.list.media-ops-mba@mail.mil. After hours, contact the ECPA duty officer at +49 (0)151-1263-4586, e-mail: eucom.stuttgart.ecpa.mbx.duty-office@mail.mil.

4.C. (U) Knowledge and Information Management.

4.C.1. (U) The HQ USEUCOM "COVID-19 Response" portal links can be found on both NIPR and SIPR and provide centralized locations where users can go to find a great deal of information to include links to the latest guidance from the Center for Disease Control (CDC), the World Health Organization (WHO) and many others. Additional information can be found on the HQ USEUCOM COVID-19 Response portals including the latest Travel Restrictions and Foreign Clearance Guide.

4.C.2. (U) The HQ USEUCOM Portal Homepages are found at NIPR: https://command.eucom.mil and SIPR: https://command.eucom.smil.mil. As a reminder, external users outside of HQ USEUCOM requiring access to these portals will need to go through the external account registration process found at NIPR: https://register.eucom.mil and SIPR: https://register.eucom.smil.mil.

4.C.3. (U) For questions or concerns regarding the HQ USEUCOM
COVID-19 Response portal sites contact HQ USEUCOM ECJ36 ISKM-KM:
eucom.stuttgart.ecj3.mbx.iskm-help@mail.smil.mil.//
